1011 Waterfront Drive
Eureka, CA 95501*

REGISTER EARLY!

Excellent programs may be cancelled if people wait until the last minute to register. All programs need to be cost effective and cannot run if there are not enough participants.

Please register early to avoid disappointment.

Community Member Spotlight

Chief Andrew Mills

Parks & Recreation welcomes our new Police Chief

Last November, Eureka welcomed its newest member of our community; Chief Andrew Mills. Mills, who started as the City's new Police Chief this past November, relocated from San Diego where he served 30 years on the San Diego Police Force; being promoted to Captain in 2011.

Mills, along with his wife of 30 years, Cathy, were looking to live in a coastal area of California. A new home where family and friends come visit and they could be proud of. Mills claims that Eureka has not disappointed.

In the short time that he's been here, Mills has made quite a good reputation for himself and has wholeheartedly embraced our community, talking to an average of five community groups a week.

Chief Mills has big shoes to fill, as the police department is one of the most valued services the City offers. Mills is up to the challenge, and praises the officers who make up his team.

"The officers on the Eureka Police Department are the hardest working group of men and women I have ever seen. There is an exceptional skill level at EPD, and I am proud to say I am part of this great organization."

One of Chief Mill's biggest goals is to collaborate with our very own Parks & Recreation Department, to accomplish goals that improve the quality of living in Eureka.

"Eureka has been one of the friendliest, caring and compassionate cities that we've ever lived in," says Mills, "it's the people who make a city great, and based on the people alone: Eureka is a fantastic place to live!"
